ANNUAL REPORT

OF

THE COMPTROLLER

OF THE

TREASURY DEPARTMENT,

FOR THE

*Fiscal Year ended 30th September, 1861,*

TO THE

General Assembly of Maryland.

---

ANNAPOLIS:  
THOMAS J. WILSON.  
1862.

TREASURY DEPARTMENT,

COMPTROLLER'S OFFICE,

ANNAPOLIS, 31st December, 1861.

*To the General Assembly of Maryland:*

The Comptroller, in compliance with the Constitution and the 9th section of Article XXII of the Code of Public General Laws, respectfully submits the following Report:

RECEIPTS AND DISBURSEMENTS.

STATEMENT A, of the Appendix, exhibits the total receipts into the Treasury during the fiscal year, which ended on the 30th day of September, 1861, and the several revenue sources from which the same were so received.

STATEMENT B, shows the disbursements during the same year, and the several accounts upon which the same were so disbursed.

By reference to Statement A, it will appear that the receipts into the Treasury for said year amounted to the sum of \$960,813 08, which being added to \$255,587 75, the balance remaining in the Treasury at the close of the fiscal year of 1860, makes the aggregate of \$1,216,400 83.

Of this sum, \$819,651 78 was derived from revenue which accrued during the year, and the residue, \$141,161 30, of revenue which accrued prior thereto.

During the fiscal year of 1859 there was paid into the Treasury the sum of \$1,200,552 77, and the fiscal year of 1860 the sum of \$1,048,339 67.

By comparing the present with those two previous years, it will be seen that the receipts of the present year are \$239,739 69 less than those of 1859, and \$87,525 59 less than those of 1860.

The disbursements of the Treasury, as shown by *Statement B*, for the fiscal year just ended, amount to the sum of \$1,-046,356 41, being \$83,013 21 less than those of 1859, and \$259,686 67 than those of 1860.

Deducting the disbursements from the receipts, leaves a balance in the Treasury at the close of the fiscal year 1861, of \$170,044 42. This balance is, however, subject to a variety of charges, amounting in the aggregate to the sum of \$291,569 71, which would leave an apparent deficit of \$121,-525 29 against the Treasury.

For the particular accounts upon which the revenue was so received and disbursed, reference is made to *Statements A and B*.

The probable receipts into the Treasury during the current fiscal year are estimated at the sum of \$1,130,855 28.

*Statement C*, will show the basis upon which this estimate is made.

The probable demands upon the Treasury during the current fiscal year are estimated at the sum of \$989,376 00.

*Statement D*, will show the several demands upon which this estimate is founded.

These estimates are made upon the existing laws, without reference to future legislation or regard to the present disturbed condition of the country.

### FREE SCHOOL FUND.

There remained to the credit of the Free School Fund, at the close of the fiscal year of 1860, the sum of \$19,432 23, and there was received on account thereof during the fiscal year of 1861, the sum of \$79,989 35, making the aggregate \$99,421 55.

That during the fiscal year of 1861, there was disbursed the sum of \$86,488 60, leaving a balance at the close thereof of \$12,932 95 to the credit of said Fund.

## SINKING FUND.

At the close of the fiscal year of 1860, there remained in the Treasury to the credit of this Fund the sum of \$5,157 68, and there was received on account thereof during the fiscal year of 1861, from interest on the Stocks of said Fund, and from other sources, the sum of \$255,241 08, making in the aggregate \$260,398 76.

During the fiscal year of 1861, there was invested for the use and benefit of said Fund, the sum of \$219,479 14, leaving a cash balance uninvested in the Treasury to the credit of the Fund, of \$40,919 62.

*Statement E*, will show the sources from which the receipts arose.

*Statement F*, exhibits the character and amount of Stock held by the Sinking Fund at the close of the fiscal years of 1860 and 1861, as also the amount and character of Stock purchased on account thereof during the year 1861.

It will be seen that the aggregate of amount of stocks to its credit, at the close of the fiscal year of 1860, was \$4,823,229 35, and that there was purchased during the last fiscal year on account thereof, the sum of \$231,189 02, which, being added to the sum of \$40,919 62, the cash remaining to its credit, makes the total amount of the Sinking Fund, at the close of the fiscal year of 1861, \$5,095,337 99.

*Statement G*, will exhibit the items and aggregate amounts constituting the Sinking Fund and the Free School Fund, at the close of the fiscal year 1861.

*Statement H*, will show the assessed value of Real and Personal Property for the year 1861, in the several Counties and the City of Baltimore, with the amount of Levy thereon in each.

The assessed value of the whole is shown to be \$286,430,056, of which amount \$158,530,686 is that of the Counties, and \$127,890,370 of the City of Baltimore. Thus it appears that rather over four-ninths of the whole assessed value of the real and personal property of the State is of the City of Baltimore.

This assessment shows an increase over that of 1860, of \$3,749,558, and over that of 1859, of \$6,699,299.

## DIRECT TAX.

The levy of 10 cents in the 100 dollars upon the assessed value of property in 1861, produced a Direct Tax of \$286,-430 05, of which amount there was paid into the Treasury during the fiscal year of 1861, the sum of \$93,705 65.

The total amount paid into the Treasury on account of Direct Tax, during the fiscal year of 1861, was \$219,638 97, of which amount Baltimore City paid \$102,706 16. The several amounts and by whom paid will appear by reference to *Table No. 3*.

*Table No. 16*, will show that the aggregate amount of Direct Tax in arrear and unpaid under levies prior to 1861, was, at the close of that fiscal year, \$338,800 39, which, being added to the unpaid levy of 1861, would swell the amount to \$527,702 59. This Table will show the persons and counties so in arrear, and the respective amounts due.

*Table No. 15*, shows the balance of Direct Tax levied for 1861, remaining in the hands of the Collectors of the several Counties and the City of Baltimore, to be accounted for. The aggregate amount is \$189,122 20.

*Statement I*, exhibits the State's Capital and Credit, as of 30th September, 1861. The aggregate amount thereof being \$24,277,377 74, of which \$8,224,128 19 is assumed to be productive, and \$16,053,249 55 unproductive.

*Statement J*, exhibits the Funded Debts of the State at the close of the fiscal year of 1861, the respective amounts thereof, and the several accounts upon which the same were contracted.

The aggregate amount is shown to be \$14,885,166 63.

This is the full indebtedness of the State, but the Sinking Fund, amounting to \$5,095,337 99, constituting a part of the same, being deducted, leaves the actual indebtedness \$9,789,-828 64, to meet which there is the productive Capital and Credits as shown by *Statement I*, amounting to \$8,224,128 19.

CLERKS OF COURTS.--(*See Table No. 1.*)

There was received into the Treasury during the last fiscal year, from the Clerks of the several Counties and the City of Baltimore, the sum of \$233,748 77, of which amount \$222,136 64 was received from revenue accruing upon Licenses, and the residue from other sources. Showing a diminution, as compared with 1859, of \$67,314 96, and \$61,727 38 as compared with 1860.

REGISTERS OF WILLS.--(*See Table No. 2.*)

There was received into the Treasury, during the fiscal year of 1861, from the Registers of the several Counties and of the City of Baltimore, the sum of \$63,748 37; \$39,265 thereof from taxes on commissions to executors and administrators, and \$24,519 32 from tax on collateral inheritances. Showing an increase over the year 1859 of \$2,915 45, and a decrease of \$290 24 as compared to 1860.

## AUCTIONEERS' LICENSES AND DUTIES.

*Table No. 4*, will show the receipts into the Treasury from this source of revenue during the past fiscal year. The total amount is \$7,734 93, being a decrease of \$11,294 15, as compared with 1860, and \$14,408 51 as compared with 1859.

## TOBACCO INSPECTIONS.

There was received into the Treasury from the several Inspectors on this account in the last fiscal year, the sum of \$7,457 25, as will be seen by *Table No. 8*.

The gross receipts from inspections during the same year were \$48,329 74, and the expenditures \$53,359 26, being an excess over the receipts of \$5,029 52.

After the close of the fiscal year there was paid the further sum of \$26,170 56 on said account, the respective amounts and by whom paid will appear by reference to said *Table No. 8*.

## RAILROADS.

The Baltimore and Ohio Railroad has paid into the Treasury during the fiscal year of 1861, the aggregate amount of \$199,314 77; \$90,636 thereof being for dividends on the State's stock in said road, \$40,926 77 for the one-fifth receipts from passengers on the Washington Branch, and \$67,752 for interest on the bonds of said road held by the State. See *Tables Nos. 5 and 6*.

It is understood that this Company has a large claim against the General Government for transportation of troops yet unadjusted, and in which the State has a considerable interest. The interest of the State in its adjustment, will no doubt be guarded and protected by its able President.

The Northern Central Railway has paid during the fiscal year of 1861 into the Treasury, the sum of \$58,296 67, on account of arrears of interest. See *Table No. 5*. This road is still largely in arrear on the same account, and proceedings have been instituted for its recovery, and are now pending in the courts of this State, under the management and direction of Messrs. Thomas S. Alexander and Milton Whitney.

## THE SUSQUEHANNA AND TIDE WATER CANAL COMPANY.

This Company has paid into the Treasury during the last fiscal year, the sum of \$58,000 on account of arrears of interest, leaving still a large balance due on that account.

There was received into the Treasury during the last fiscal year, from the several Banks, for dividends on stocks held by the State, the sum of \$36,393 64; the respective amounts received and the names of the Banks which paid the same, will appear by reference to *Table No. 6*.

For the Revenue derived from the State's Hay and Live Stock Scales, and from the State's Wharves in the City of Baltimore, see *Table No. 9*. The aggregate receipts of the same for the past year were \$8,087 62.

The receipts from the Land Office were \$745 58, and from Fines and Forfeitures \$170 99. See *Table No. 10*.

The receipts into the Treasury from the Inspection of Grain were \$4,143 10, and from Inspection of Manure \$14 44, and from Interest on Personal Accounts \$1,420 10, as will be seen by reference to *Table No. 11*.

There was paid into the Treasury during the last fiscal year, for Licences issued to Agents of Foreign Corporations, the sum of \$14,400. The names of the agents and the companies are set forth in *Table No. 12*, with the several amounts of licences paid by them. The Tax on Protests, paid during the same year, was \$3,806. By whom paid, will be shown by the same Table.

The receipts into the Treasury, during the fiscal year of 1861, from Tax on Incorporated Institutions, amounted to \$20,379 16. The names of the Institutions, and the several amounts paid by them, will be shown by *Table No. 13*.

*Table No. 14* will show the whole amount of Revenue which accrued on the fiscal year ended 30th September, 1861, the amount arising from each branch thereof, the amount received, and the difference between that which accrued and that received.

The amount accrued is shown to be \$1,532,180 39, and that received, after legal deductions, \$819,651 78, and the difference \$660,164 65.

The Balances due the State by Incorporations, amounted in the aggregate at the close of the fiscal year 1861, to \$30,888 08. The names of the Incorporations, and the respective amounts due by each, is given in *Table No. 17*.

The Balances due the State from Clerks of Courts and Registers of Wills, at the close of the last fiscal year, amounted in the aggregate to \$29,114 21. The names of said Clerks and Registers, with the several sums due by them, is given in *Table No. 18*.

Said Table also shows a balance due by Richard France, on Lottery contract, of \$12,750.

*Table No. 19*, shows the several Counties indebted on ac-

count of Colonization Tax, and the respective amounts owing, the aggregate being \$8,064 21.

*Table No. 20*, shows certain balances due the State, and from whom they are due.

*Table No. 21*, shows the indebtedness to the State of sundry Sheriffs, amounting in the aggregate to \$46,856 75.

The late day at which he obtained possession of the books and papers of his office, occasioned by various impediments thrown in the way of it, must be his excuse for not calling the attention of your Honorable Body to several matters of interest to the State touching this Department, which he desired to do. He has not had sufficient time to make the investigations and gather the necessary facts, and does not think proper to make suggestions, or venture upon recommendations, without the certainty of the information under which he acted being correct.

Respectfully submitted,

A. L. JARRETT,  
Comptroller.
